

2 Pin AC Power Cord with Open End Cable 1.83 Meter Heavy Duty Power Cable for SMPS, LED Drivers & Electronic Devices

TECHNICAL SPECIFICATIONS & SUMMARY

[Power Cord] The 2 Pin AC Power Cord with Open End Cable is a reliable and flexible AC mains cable designed for supplying power to a wide range of electronic equipment and electrical appliances. Manufactured using high-quality copper conductors and premium PVC insulation, it offers excellent conductivity, flexibility, and long service life. The cable is fitted with a durable molded 2-pin AC plug for secure connection to standard power outlets, while the opposite end features open stripped wires for easy connection to SMPS power supplies, LED drivers, printers, battery chargers, testing equipment, and DIY electronic projects. Available in 10/38 and 14/40 copper strand conductor options, the cable delivers dependable electrical performance with excellent flexibility and mechanical strength. The premium PVC insulation provides resistance against abrasion, moisture, and everyday wear, ensuring safe operation in residential, commercial, and workshop environments. With a total cable length of 1.83 meters (183cm / 6 feet), it offers sufficient reach for most installations while
