

3-in-1 Aluminum Heat Sink Set for Raspberry Pi 3

Slug: 3-in-1-aluminum-heat-sink-set-for-raspberry-pi-3

TECHNICAL SPECIFICATIONS & SUMMARY

[Aluminium Heat Sink] 3-in-1 Aluminum Heat Sink Set for Raspberry Pi 3 High-Quality Aluminum - Self-Adhesive Thermal Tape - Improved Cooling - Easy Installation The 3-in-1 Aluminum Heat Sink Set for Raspberry Pi 3 is a premium cooling accessory designed to improve heat dissipation and maintain stable operating temperatures for Raspberry Pi boards. Manufactured from high-quality aluminum, these heat sinks efficiently transfer heat away from critical components, helping improve performance and extend the life of your Raspberry Pi. The kit includes three aluminum heat sinks of different sizes to cool the processor, Ethernet/LAN controller, and other heat-generating ICs. Each heat sink comes pre-installed with a high-performance thermal adhesive backing, allowing quick and secure installation without the need for additional thermal paste or glue. By reducing operating temperatures, the heat sinks help prevent thermal throttling during continuous operation, making them ideal for overclocking, media centers, home servers, IoT applications, industrial automation, and
